

HEAVY DUTY POWERED TUG RANGE

*Move very heavy
wheeled loads safely
and efficiently.*

SAFE

Move trolleys and equipment safely by maximising forward vision, reducing the risk of collisions and the risk of back and side strains.

SIMPLE

No license is required to operate a tug and it is easy to customise attachments to trolleys.

STRONG

A single operator can tow up to 10 tonnes.

QUIET

Smooth operation with zero emissions and low maintenance.

LOCAL

All our tugs are manufactured right here in Australia.

TUG RISE 1T

TUG AXIS 4T/5T

TUG TOUGH 10T

Electrodrive's heavy-duty tug range

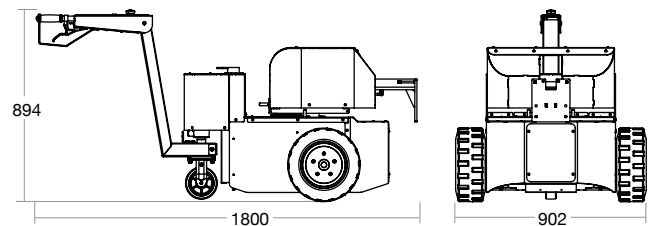

Tug Rise 1T

Move heavy bins or trolleys on sloped ramps, around high-rise building basements, or caravan parks.
